21 September 1995   RS6000 Version : 3.3.6

The IBM Portable Configurator (tm) for RS/6000 is classified for
proposal usage for IBM personnel and business partners only.
Commitments on prices and products should not be made without
complete verification with the sales manuals. Prices are for
your information only and are subject to change. Applicable
taxes are not shown.

Please note: The configurator currently applies discounts to
media processing charges. These discounts are not valid and
should be disregarded. A configurator enhancement is planned which
will prevent media processing charges from being discounted.
